

Life is a Cabernet

Klender Cellars, a boutique, family-run winery on the east side of Paso Robles, CA, was awarded a **Gold Medal** for its 2014 Cabernet Sauvignon Estate Reserve, at the prestigious **2019 San Francisco Chronicle Wine Competition**. Their 2013 Estate Cabernet was also an award winning red blend at this competition, as well as the California Mid-State Fair in 2018. *"After ten years of hard work, it's a little dream come true for us."* say owners Richard & Lisa Klender. The Klenders developed a small plot of land along Paso's 46-East highway where they planted and handcraft their own

Cabernet Sauvignon, Merlot & Cabernet Franc, into a Meritage/Bordeaux style blend. After putting in the vineyard, Richard Klender spent two years building a barn next to the vineyard which doubles as a private tasting room and recording studio.

A successful veteran of the music industry, Klender is still writing songs and producing music. **His newest music project** is a collection of songs about his passion for wine and life on his vineyard. His upcoming Americana / Rock release, *"Life is a Cabernet"* will be available on YouTube and iTunes.
